<p>Nancy Bowers #10145 Lonestar Ranch Dexters</p>	<p>Lonestar Whiskey Dent (ADCA# In progress) DOB: 1/16/21 Sire: Cascade's Goldrush #031281 Dam: Chaneys Sapphire #044250 Red e/e B/B - can not have a dun calf homozygous polled-Pc/Pc - can not have a horned calf Beta Casein A2/A2 - all calves will have at least one copy of the A2 gene Non Chondro and non PHA - does not carry defective dwarf gene Genetics done at TAMU "Norman" is the son of a very well mannered and proven bull from Oregon. His previous owner had his beef genetics done and scored high in tenderness. His dam is also a gentle girl shown successfully in Houston. She comes from a wonderful farm in Tennessee. Excellent bloodlines. Both parents are built broad and deep bodied. Dam has a nice udder and can be milked. Neither parent has been known to kick. Norman is halter broke. He will come to cubes to be haltered. He leads and ties. He is not an in your face bull and will not crowd you. His "equipment" hangs nicely and is of good size. I welcome you to come for a visit to meet him and his parents, brothers and sisters. He is a virgin bull, but breeding age. I've been holding on to him in case my main man Goldrush, started to loose his fertility. That is not a problem for him yet! Call, text, email. Larry Layfield #12918	K2 Mt. Rushmore (ADCA# 025160) DOB:7/03/2010 Black Bull Polled (<u>Additional Genetic testing is pending at Texas A&M</u>) Rush is gentle and well mannered. He is black and naturally polled. He is a very good proven bull. We have enjoyed having him on our farm. We have a small herd, with limited pasture options so we would like to find Rush another herd so we have less breeding issues to manage. With a young heifer of ours coming into maturity, we would like to find him a new home very soon, which is reflected in the price! Contact us with any questions!
